

**FOR IMMEDIATE RELEASE:**

Accept mobile payments

---

## **Surfpin Acquires [www.micropayments.com](http://www.micropayments.com)**

---

**Friday, 24th March 2006.**

To reflect our leading position in online micropayments, Surfpin has acquired micropayments.com for an undisclosed fee.

This acquisition just relays our thoughts and strategy of being a major player in this space. We will continue to purchase strategic domain names that reflect this strength in the future.' say Jose Ramirez, Marketing Director, Surfpin.

Surfpin provides a comprehensive micropayments solution for merchants to charge for digital content and services. Using Surfpin, consumers can now instantly and securely purchase these via their mobile phone.

Our technology manages the process of accepting micropayments by integrating with mobile phone operators worldwide. With Surfpin's ever expanding global network, merchants can now accept micropayments in Europe, Asia and the United States.

## **About Surfpin**

Surfpin is a secure payment method which enables customers without credit cards to purchase digital content and services quickly, safely and securely via their telephone. The Surfpin payment method is currently available to more than two billion people across 30 countries and in 15 different currencies, driving global e-commerce. Surfpin can only be used to pay for and access content suitable for all ages and protects the customer's identity. No personal information is required to make a payment, giving greater peace of mind for parents of younger users.
